

Dear parents,

this is to officially inform you that the “licenza media” final exam will be carried out by your son/daughter through the presentation of a project.

The project:

- It is about a subject matter shared by the student with all the teachers of the class (consiglio di classe);
- It is strictly assigned by all the teachers of the class to each student;
- It refers to all the knowledge, skills and expertise acquired during the student's studies as well as in personal life context;
- Each student must send it to the teachers via electronic communication or in any other format agreed with them;
- It can be a written text, a multimedia presentation, a mindmap or a series of mindmaps, a video, an art or technical project in accordance with the teachers;
- Each student must present it online in front of all the teachers of the class by June 30th. The timetable will be published by the School Principal;
- It will be evaluated on a scale from one to ten by all the Classroom teachers.

The oral exam will be done in video conference. It is therefore necessary to have a working electronic device with a video camera switched on in order to be recognized. Students must be on time.

The teachers and the linguistic-cultural mediators are available in order to give you further information.

We hope your son/daughter will conclude their studies in the best way possible,

best wishes,

The School Principal
